

President's message

The Alaska Federation of Republican Women was founded in 1962 and next year, 2012, we will celebrate 50 years of hard work, faithfully raising thousands of dollars, and electing many Republicans at all levels of representation.

As the AFRW our objectives are very clear, and they have provided the road map for over 50 years. They are:

- To promote an informed electorate through political education;
- To increase the effectiveness of women in the cause of good government through active political participation;
- To recruit and promote Republican women of all elective and appointive offices, local state and national;
- To promote loyalty to the Republican Party and its ideals and principles;
- To support the objectives and policies of the Republican National Party, the Alaska Republican Party and to work for the election of Republican Party nominees.

I am very excited about starting my term of office as President by encouraging the Board of Directors and Clubs to focus their energy, time and money on electing Republicans. We have opportunities to excel and be more successful than ever before. We can increase club membership, increase club bank accounts, and increase our communication with the use of technology. All of this will lead to greater numbers of Republican elected officials in our state, and specifically more women.

My primary goal as your new president is to "fix" the Alaska State Senate, support Governor Parnell, and defeat Mark Begich in 2014. Every project and subject must compliment that goal.

I look forward to serving you and please do not hesitate to call text or email me at any time. I am honored to serve as the new President of an absolutely awesome group of Republican Women. We are truly the "Heart of the Party" as the Alaska Federation of Republican Women.

Respectfully

Rhonda Boyles
